

Full Moon Visualisation to Manifest your Dreams for 5 October 2017

Carrying on the ‘ Abundance ‘ theme from Angel Awareness day , Franziska has created this magnificent Visualisation to Manifest your Dreams for the Full Moon which is on the 5th October 2017

Before starting this visualisation take some time to think about a wish or a dream that you would like to manifest for yourself then connect with the other DCF teachers.

Close your eyes and relax ... get really comfortable in your seat and feel the ground below your feet. Take some deep breaths. Visualise big strong roots growing from the bottom of your feet deep down into the Earth winding themselves around a beautiful sparkling Crystal. Sense the energy coming up along your roots and chakra column all the way up to Source. Source responds with a column of divine light that embraces you with such power that you know that you are a child of the Divine and your essence is Divinity. Send that energy down your body, into your Earths Star chakra and into the planet to be anchored.

Imagine that you are on an island, walking in the midst of vibrant green nature, near the ocean. You can hear gentle waves going back and forth, calming and relaxing you. You carry on walking on a path, until you get to a picturesque waterfall, which cascades down from a rocky mountain covered with beautiful nature. You find yourself in a natural paradise. You walk under the

waterfall now and feel the water refreshing and purifying you.

Near the waterfall you notice a spiral path that leads upwards. You follow this path to explore where it takes you until you get to a cave guarded by an Angel radiating violet light. The Angel invites you in. You find yourself inside a crystal cave with many Amethyst crystals and a pool of liquid violet flames with gold and silver. By the side of the pool you

notice the presence of Archangel Zadkiel. He welcomes you warmly and you attune to his energies. Mentally repeat this prayer:

Beloved Archangel Zadkiel, please clear my path and free me so that I can easily manifest my dreams. So be it. It is done.

Archangel Zadkiel invites you to immerse yourself into the pool of liquid violet flames with gold and silver and you are going to stay here for a moment ... as you emerge you sense that your energy fields are very clear. Thank Archangel Zadkiel and return to the spiral path.

As you move upwards along the spiral path you come to a second cave guarded by an Angel of Love. He radiates shimmering bright white light. He invites you in and you find yourself in a cave with many Rose Quartz crystals and a pool of pure white liquid energy with tinges of pink and gold sparkles. By the side of the pool Archangel Chamuel is awaiting you and welcoming you with great love and compassion. He explains to you:

When your heart is open and healed you radiate unconditional love and this opens you up to Divine Abundance. Your Dreams and wishes can then come true.

You ask for permission to immerse yourself into the pool knowing that this will help you to achieve this state. Archangel Chamuel gives you permission and as you are bathing in the liquid pure white energy with tinges of pink and sparkles of gold your heart chakra expands so wide that it extends from shoulder to shoulder allowing a high flow of frequencies.

With deep gratitude and humility you emerge from the pool and give your thanks to Archangel Chamuel. Then you return to the spiral path following it up and up And round and round ... until you get to a third cave.

An Angel radiating emerald green light guards this cave. He invites you in and you find yourself in front of an emerald pool. By his side stands Archangel Raphael. He welcomes you warmly and you attune to his powerful energy that brings healing and abundance.

Ask Archangel Raphael permission to enter this pool in order to receive deep healing on all levels. He gives it and you immerse yourself into the powerful liquid emerald green healing energy. You feel it enfolding your body. If you need any physical healing and can focus the energy to bathe the appropriate areas.

Archangel Raphael is now asking you to bathe your Third Eye with the liquid energy. Do so and feel it expanding. As the third eye expands you feel all other chakras doing the same. They are lighting up and coming into line. Focus your attention on your third eye, which is glowing crystal with emerald green, and notice that it is mixing with the crystal gold of your crown.

Be aware that you can now direct light from your Third Eye to everything that you focus upon ... so take a moment again and concentrate on your wish or dream ... you can project it onto a screen in front of your Third Eye and then see it bathed with light. Know

that in this way you have the power and can co-create your life together with the Divine. You can invite your guides, angels and masters to help you hold your vision ... sense this happening ...

It is time to emerge from the pool and to give thanks to Archangel Raphael for the amazing gift that has been given to you!

As you step out from this cave you go up the last bit of the spiral path and find yourself on top of the Mountain with a breathtaking view over the glittering, sparkling, golden ocean. You notice turtles swimming in the ocean and you know that Cosmic Abundance is coming to you. You know that all is possible now and you expect miracles.

Slowly you start your descent down the spiral path until you get to the waterfall at the bottom. Then take your awareness back into the room where you started your visualisation.
