

Full Moon Mediation- 29th May 2018

In this beautiful visualization Archangel Zadkiel and Holy Amythest bestow upon us the power of alchemical transmutation in order to facilitate the planet towards the New Golden Age.

Take a deep breath and relax. Focus on your breathing and become centered. Breathe in shimmering violet light and breathe out shimmering violet light. Continue to do so, until your aura becomes a beautiful diamond violet. You are totally calm and relaxed.

Take your awareness to the soles of your feet. Visualise thick golden roots from your feet branching firmly and strongly into the groundgrowing deeper and deeper, till they connect to the heart of Mother Earth.wrapping them around the huge crystal there. As they do so, Mother Earth's loving energy moves up and fills your earth star chakra... moving upwards to your base chakrafilling in your sacral chakra....moves upward in your naval chakra....solar plexus chakra.....moves further upward filling your heart chakra with the loving, golden light.

Visualise Divine golden light from Source flowing down filling all

our upper chakras stellar gateway.... soul star casual crownfilling in your third eye throat, flowing into and filling your heart chakra..... Here Mother Earth's loving energy and golden light from Source merge and spread fully in your body. Allow these energies to fill your mental, physical and emotional bodies.....

Visualise Archangel Michael's blue clock of protection around you. Surround yourself with Archangel Metatron's orange and golden sphere of light giving you complete protection.

Invoke your Guardian Angel, Dragon and Unicorn to accompany you on this journey.

Imagine that you are on a beautiful mountain top. The sun is shining brightly and you feel the soothing breeze blowing on your face. Birds and butterflies are flying around. You can see a combination of white and purple bloomy flowers spreading mesmerizing fragrance around. You are walking on a purple pathway with beautiful white and purple lilies on both sides. Here your Unicorn appears there in front of you. You sit on you're his back and he flies higher and higher. In the distance you see a beautiful white marble structure. Your Unicorn brings you to the steps of the magnificent marble structure and you step down. A beautiful Violet Angel greets you.

This Angel takes you inside to glamorous hall. Here the walls are laid with beautiful amethyst cluster crystals and bright violet candles are burning on either sides of the hall. In the center of the room is the magnificent cosmic diamond violet flame.

As you reach there, Archangel Zadkiel greets you with a big smile on his lips and deep love and understanding in his eyes. Holy

Amethyst welcomes you. He asks you to step into this diamond violet flame. As you do so you feel the energy blazing and blazing transmuting all that are not God's love and light in you.... Clearing away from lifetimes and lifetimes all that you don't need anymore... Take your time and let it happen.

Once this is done, Archangel Zadkiel informs you that are now cleared and ready to become a carrier of his Cosmic Diamond Violet Flame to transmute with the power of alchemy all that is not God's love and light on the planet in order facilitate her to the new golden age. You may say **"YES"** if you choose to do so. With his amethyst wand places the Cosmic Diamond Violet Flame into each of your chakras. This Flame is fills your stellar gateway, flows down into your soul star casual chakra.....into your crown chakra into third eye chakra....throat chakra....into your heart chakra.....solar plexus chakra....fills in your naval chakra..... sacral.....fills in your basic chakra....flows into your earth star chakra and then into mother earth..... Into her ley lines... transmuting and all that needs to go in order for humanity and the planet to ascend into the new golden age. As this happens a great shift takes place on earth The planet has a new vibrational frequency filled with love, light, joy, hamony..... It is beautifully vibrating with pure shimmering, light. Archangel Zadkiel and Holy Amethyst now integrate this new energy on the planet.

He informs you that you have now been given the power of alchemical transmutation. You will now consciously and unconsciously be transmuting all the energies that need clearing on the planet into with love and light. You will leave violet footprints to transmute all that need to be cleared to prepare the earth for her next step forward into the Golden Age... Take a

moment to visualise yourself and the planet immersed in this shimmering diamond light.

You bow down thank Archangel Zadkiel and Holy Amethyst for the grace bestowed and walk out of the hall into the corridor.... out of the marble building with the violet angel. Your unicorn is waiting for you. You climb on his back and he brings you down to the same mountain where you started. You come back to your room knowing that you have been given a gift and a responsibility. You open your eyes with a big smile, and full of love and gratitude.

Once again visualise thick golden root going down from your feet into Mother Earth. You are grounded firmly and strongly and connected to your higher self.
